

About The PTI School Leadership Programme

For: Secondary heads, executive heads and members of SLT with curriculum responsibility

Focus: Whole-school leadership of teaching and learning

In essence: A collaborative network for members to share and benefit from each other's experience and research.

Aims:

- Develop challenging and rigorous teaching and enrich learning
- Promote the recruitment, development and retention of passionate and knowledgeable teachers
- Enhance and develop the reach and impact of curriculum-based leadership
- Share the outcomes of action-based research
- Encourage and facilitate collaboration across and within schools, and with universities and professional bodies

How does it work?

Centred around three key areas: **Ethos, Curriculum and Teaching and Learning**, there are three stages to membership of The PTI Schools Leadership Programme:

Entry...	Support through the year...	Annual event...
<p>Attend PTI Leadership residential course – 2 days</p> <p>Leading experts/ academics and educationalists inspire discussion and vision facilitated by headteacher development-partners</p> <p>Formulate an in-school action-based research project</p>	<p>Discounts on Leadership CPD days x 3</p> <p>Access for the SLT to the PTI online Staffroom with thousands of podcasts and action research projects to suggest practical approaches</p> <p>Access to the PTI Education Advisor for academic support</p>	<p>School Leadership Day</p> <p>Share and celebrate project progress, and contribute to national network action research project portfolio</p> <p>Receive The PTI Schools Leadership Mark and consider next steps</p>

The criteria for the award of The PTI Schools Leadership Mark are:

1. Contribution to the network: attendance at the annual School Leadership Day to share ideas and support colleagues with their projects

and

2. Progression in your project: meeting annual milestones and agreeing next steps to demonstrate an aspect of school improvement

or

3. Completion of your project: submitting a written report detailing the journey and impact of the project at its end point

What happens next...?

Projects can last between one and four years depending on the ambition and context at the outset. For projects that last longer than one year, there is the option to review progress annually and receive support to design next steps. Once a project is completed, members may wish to embark on a new project.
